EVERBLOOM

· WHERE HOPE TAKES ROOT ·

March 2026

About the Foundation

- EverBloom Foundation (EBF) is a non-profit organization committed to supporting families who long for the joyful experience of parenthood but are held back by financial barriers, lack of reproductive health knowledge, stigma & cultural pressure, emotional & psychological burden, and bias against alternative family-building paths.

- EBF is a garden of hope – where the promise of new life flourishes, even amid challenges. Grounded in resilience and compassion, EBF envisions a world where every family can blossom. With financial assistance, advocacy, and meaningful partnerships, we turn longing into fulfillment—allowing dreams of parenthood to take root and flourish into beautiful, lasting realities.

Governance & Nominations Advisory

Sarah Ugamah
Finance & Fiduciary Oversight

Vision Statement

To create a world where every family, regardless of financial circumstance or social status, can experience the joy of parenthood and see their hopes for children blossom into reality.

Mission Statement

EverBloom exists to expand equitable pathways to parenthood for couples who desire children—by removing barriers, breaking stigma, and ensuring no one walks the fertility journey alone. We deliver our mission through three core pillars

- ***Access –*** *Making fertility care and assistance affordable, ethical, and possible by reducing financial barriers and partnering transparently with trusted providers*.
- ***Advocacy –*** *Breaking the silence and stigma around infertility through education, public awareness, and policy advocacy—while amplifying knowledge about diverse and ethical pathways to parenthood.*
- ***Community –*** Creating safe, compassionate spaces where couples are seen, heard, supported, and empowered—providing emotional, psychosocial, and peer support so no one journeys alone

Our Values

HEALED

Makes the path possible

HOPE
EQUITY
ACCESS
LOVE
EMPOWERMENT
DIGNITY

Operational Objectives

- **Financial Assistance:** Providing financial help enables access to fertility treatments, overcoming common affordability barriers for families.
- **Awareness and Education**: Promoting reproductive health education and different pathways to parenthood through workshops and campaigns reduces stigma, biases, and encourages timely care.
- **Collaborations and Partnerships**: Partnering with healthcare providers and NGOs expands fertility service availability and quality internationally.
- **Emotional and Psychological Support:** Offering counseling and peer support enhances holistic care for individuals navigating fertility challenges. Addressing both clinical and personal fertility needs, inspiring hope and dignity.

Signature Campaigns Driving Awareness and Change

First Step First Campaign

Promotes (i) early diagnostic testing and public education to improve chances of success fertility treatment; (ii) openness and education to replace stigma and secrecy around fertility and reproductive health.

Men Matter Month

Highlights male-factor fertility and shared responsibility to balance conversations and awareness traditionally focused on women.

Trusted Clinic Seal

Recognizes clinics with high ethical standards and patient-centered care, empowering informed decisions.

Paths to Parenthood

Educates on alternative family-building options like adoption, Assisted Reproductive Technology (ART), donor eggs/sperm & embryo, surrogacy, and foster care as equally valid, dignified routes to parenthood.

Fertility-Friendly Workplace Pledge

Encourages employers to adopt compassionate fertility policies supporting treatment with flexible schedules and counseling.

EverBloom Grant Eligibility

- Applicants must be between 21 – 50 years of age
- Couples must be legally married without children
- Applicants must be legally resident in Nigeria
- Applicants are required to show proof of a stable means of livelihood by submitting verified occupation and income documentation
- A confirmed fertility diagnosis from a licensed reproductive specialist.
- Applicants with conditions where pregnancy may be unsafe are excluded
- Applicants must provide accurate information, meet programme-specific requirements, and submit all documents before deadlines indicated.

EverBloom Donation Tiers
